

# About Future Musicians

*Education. Convenience. Satisfaction.*

*All at your child's fingertips.*

Our program is designed to fit your needs, your schedule and your budget. Future Musicians will provide your child with educationally sound, sequential instrumental music instruction in the most convenient location – your own school. And best of all, the lessons take place in a small group setting **during the course of the regular school day and the fee is very affordable.**

We invite you to find out more about this wonderful opportunity to enhance your child's life through music. Getting started is easy--**simply send the tear-off form to school with your child tomorrow** and we will see that you receive more information.

## Come and Meet Your Teacher

We're having a an Evening Meeting at your school

\_\_\_\_\_   
Date & Time

We'll be at your school on Back-to-School night

No meeting is scheduled. An informational packet will be sent home with your child.

P.O. Box 428  
Portland, CT 06480  
Phone: 860-342-4485  
Fax: 860-342-4485

## Announcing Future Musicians Band Program

*Connecticut's most successful music education program is proud to be a part of your school. We've spent the last 25 years teaching thousands of students to play beautiful music together.*

*Now it's your child's turn to join in the fun!*

# Introducing the Instruments of the Band

The *flute* is one of the higher pitched instruments of the woodwind family. It has a beautiful sound that can be light and happy or quiet and calm.

The *clarinet* is a popular woodwind instrument. It can play both high and low notes and plays a wide range of music from classical to jazz. A band generally has more clarinets than any other instrument.

The *saxophone* can sound mellow or strong. It does everything from pop to big band to jazz but also has its place in classical music.

The *trumpet* plays high brassy notes. An optional mute can make the trumpet sound completely different. Many great jazz artists have been trumpet players.

The *trombone* has the greatest note range out of all the brass because of its slide. The 'bone is an essential part of any big band group.

**Percussionists** don't just play the drums. There are many kinds of percussion instruments, including the cymbals, snare drum, triangle and bass drum—and you will learn to play them all!

## We're Interested!

### Contact Information

Child's Name \_\_\_\_\_

School \_\_\_\_\_

Grade \_\_\_\_\_

Town \_\_\_\_\_

Parent's Name \_\_\_\_\_
